

International joint meeting

National Research Council of Italy/Food and Agriculture Organization:  
**"International Year of Forests: research needs and perspectives"**

"Aula Marconi" - CNR Headquarters  
P.le Aldo Moro, 7 - Rome  
17 October 2011

On the occasion of the International Year of Forests-2011, the National Research Council of Italy (CNR), Department of Earth and Environment, in collaboration with the Food and Agriculture Organization (FAO) of the United Nations is organising an international conference on "International Year of Forests: research needs and perspectives" to be held in October 17<sup>th</sup>, 2011 at CNR Headquarters in Rome - Aula Marconi.

Through five sessions, chaired by the most eminent experts and researchers, the meeting will take into account the scientific gaps and challenges related to the scientific research in the field of forestry and environmental sciences.

In order to create a constructive debate between the scientific needs and the policy responses, a round table has been planned with the participation of the major political authorities from different Italian Ministeries.
